	Concord pole	-		Milk	-			Gelatin	-
	Broad bean	-		Skim milk	-				
			Green stuff	Tomato	-				
				Onion	-				
				Spinach	-				
			Fungus	Mushroom	-				

Test Result	
-	Negative
+	Positive

*1 The Test Solution may be difficult to flow on a test stick.

*2 The food extract was diluted five-fold (1:5 dilution) with a blank extraction buffer.

These samples were tested by following the instruction of Rapid Test Pro II (using Recommended Extraction Method), except Kelp 200-fold extract, Polysaccharide and Thickener samples.

These results can be changed by the difference of kit's lot number or the sample's species or production area.
